## CONVERGENCES FORUM

**Renault** is partnering the Convergences forum in Paris between September 8 and 10, through the Renault Mobiliz program.

Set up in 2008, Convergences is a platform for reflection intended to build new convergences between public, private and socially responsible players in order to combat poverty and vulnerability in Northern and Southern countries. It is the first platform of its type in Europe.

The theme of the 2014 Forum 2014 is "Goal 2030: building tomorrow's world together". The program comprises three main strands:

1. A post-2015 global partnership for sustainable consumption and production
2. Sustainable development: New practices, new financing
3. New technologies for change.
