

NEW RENAULT TRAFIC COMBI AND NEW RENAULT SPACECLASS: PRICES AND RANGE FRANCE

- In France, Renault is opening orders for the New Traffic Combi and the New SpaceClass, to be launched in May 2021.
- More elegant, they are also more pleasant to use with the best roof height in the segment and optimized storage space.
- The Renault EASY LINK multimedia system with an 8-inch screen and new driving aids are available.
- The New Traffic Combi is available from €37,400 including VAT, the New SpaceClass from €45,900 including VAT.
- With its new passenger transport versions, the New Traffic is even better able to meet the needs of both private and professional customers looking for modularity and well-being on board.

Renault is opening orders for the New Traffic Combi and the New SpaceClass today in France before they go on sale in May 2021.

The New Renault Traffic, in its Combi and SpaceClass versions, features a new exterior and interior design. It asserts itself with a more elegant front end and a new *Black Titane* dashboard that emphasizes the space on board. The dashboard lights up in colour with modernity. The New Traffic Combi is launched in a new and flamboyant colour, *Carmin Red*. The New SpaceClass offers an exclusive version of the dashboard in *Meteor Grey*.

The cabin offers the best roof height in the segment with 935 mm. The cockpit's storage capacity of up to 86 litres is optimized with a better distribution of storage spaces.

PRESS RELEASE

Connections are also available with a new 8" touch screen and an induction smart phone charger. It has been fitted with the Renault EASY LINK multimedia system with integrated navigation system (Android Auto and Apple CarPlay compatible).

Safety is enhanced with new driving aids such as *adaptive cruise control*, *active emergency braking*, *lane departure warning*, *unstable trajectory alert* and *blind spot warning*. Another new feature is a front airbag that protects both passengers in addition to the side airbags.

The New Trafic Combi and the New SpaceClass offer two diesel engines, including the new Blue dCi 150 engine with a 6-speed manual or automatic EDC gearbox. The Blue dCi 170 engine is available with a 6-speed EDC automatic transmission. Equipped with Stop & Start technology, the range is compatible with the new regulations set by the Euro 6D FULL standard.
