## WORLDWIDE SALES RESULTS MAY 2008

In May 2008, the **Renault group** sold 219,801 vehicles (PC+LCVs) worldwide under its three brands. Renault, Dacia and Renault Samsung Motors, up 1.1% compared with 2007. Renault reported a 4.7% increase in worldwide sales, while **Dacia** and **Renault Samsung Motors** posted a fall in sales of 21.6% and 9.7% respectively.

In Europe<sup>1</sup>, the market contracted strongly (-7.3%) but Renault group sales held up well at 140,412 units in May, a downturn of just -0.7%. The group increased its market share by 0.7 points to 9.2%. Renault remained in second position for PC+LCVs sales for the second month running.

France<sup>2</sup> turned in strong figures, with a 17% leap in registrations in May, consolidating Renault's No. 1 position in this country with market share (PC+LCVs) of 25.4%. Renault also posted strong sales increases in the Netherlands (+48.5%), Belgium (+10%), Switzerland (+8.5%) and Austria (+3.9%), where markets were also dynamic.

**New Twingo** more than doubled sales with 12,254 units sold. **New Laguna** sold more than 9,600 units, while **Laguna Estate** has totaled nearly 20,700 sales since launch. **Laguna GT**, launched this month, received a warm welcome from the first customers and the sales network. Sales of **Clio Estate** (4,577), **Kangoo car** (3,969), **Modus** and **Grand Modus** (7,731) remain buoyant.

In Europe in May, **Dacia** sales were on a downward trend (-18.3%) compared with the high levels of 2007, which correspond to Logan MCV's first months on the market. **Sandero**, which makes its debut in June, will expand a range currently made up of Logan sedan and Logan MCV.

### Outside Europe, Group sales rose 4.4%.

In the **Americas region**, in a market that expanded slightly (+4.9%), the Renault group continued to report strong sales growth (+21.6%) driven by Brazil and Argentina. In Brazil, Group sales doubled to total 11,221 units. In Argentina, sales grew by more than 36.8%. **Sandero** is a success in the region. It has sold more than 16,800 units in Brazil and Argentina since launch.

In the **Euromed** region, in an expanding market (+17.5%), Renault group sales fell by 5.6% in May. In Romania, the Group maintained market share of more than 34% despite a downturn in sales (-40.2%) that can be attributed to two factors: buyers waiting for the launch of Sandero and the arrival in June of a vehicle scrappage scheme. In a highly dynamic Russian market (+22.4%), sales totaled more than 10,700 units in May. In Morocco, sales once more reached a record high, surging by 18.9%. In Algeria, sales continued to grow steadily (29.7%).

In **Asia-Africa**, the Group posted sales growth of 8.4% in May on an expanding market (+6.4%). RSM sales in Korea fell by 9.3%. A total 1,531 Logan units have been sold in India and more than 4,400 delivered to Iran.
