## **FLINS PLANT HOSTS E-TOUREUROPE RALLY EVENT**

On Tuesday May 20, the Flins plant is welcoming the 12 teams competing in eTourEurope, the longest electro-mobility rally in 2014 in Europe.

The stopover at Flins is an opportunity for the contestants to meet with electric vehicle fans in the region, including site employees, and talk about the electric vehicles competing in the rally, among them three ZOE cars.

The Flins plant will naturally be opening its doors to the competing teams and electric vehicle fans, giving them an exclusive presentation on the manufacturing process for ZOE, built on the same production line as Clio IV and Clio Collection.
